COMMITTEE MINUTES

Jen Geraghty reported to the committee on instructional changes that took place during the 23-24 school year with increased focus on aligning curriculum, standards, and teaching. In addition, Friday electives for middle school students have provided opportunities for learning extensions and enrichment courses along with motivation to keep up with schoolwork during the week. Jen Geraghty also reported on impacts on the budget due to the end of Covid relief funding sources. The committee discussed goals for the 2024-2025 World's Best Workforce plan. Goals will be set after viewing final scores this summer.
